Hearing Loss Cured!

Back Healed!

Breast Tumor Burst!

Healed of Diabetes!

Evangelist Schott ministered for the first time in the Democratic Republic of Congo, in July. The evangelistic church services in Bukavu were overshadowed by the presence of God. Jesus saved and healed many!

Whenever somebody is no longer in need of a walking stick. **Whenever** a lady is set free from demons, who were choking her. **Whenever** a young man is healed of a heart condition. **Whenever** a woman's breast tumor bursts, while neither the hospital nor witches could help. **Whenever** arms and shoulders are healed. **Whenever** ears are healed and hearing loss is cured. **Whenever** back pains and knee problems disappear. **Whenever** diabetes goes away. **Whenever** toothaches and stomach pains stop. **Then we know that Jesus has visited his people.** He still heals today!

New converts were already baptized during the weekdays of the revival in Bukavu. A Catholic woman, who received Jesus into her life, didn't want to leave the church unless she was baptized. Her wish was granted.

An extraordinarily glorious move of the Holy Spirit took place at the last service. People repented on their knees. More than 50 people were healed! Testimonies were shared of what the Lord had done throughout the week. Some people have waited with their testimonies till the last day of the revival, to make sure they were really healed. **Hallelujah! Heaven had touched earth!**

Border Crossings

Christmas! – The curtain is raised! Shepherds see angels! The heavens break into the earth. The glory of the Lord invades the fallen world. The supernatural in the natural. A visitation from the spiritual dimension. The reaction of the shepherds? Panic. Fear. – Help! The answer of the angels: Fear not! (Luke 2:9)

As followers of Jesus, we constantly experience border crossings and thus we have borderline experiences. This happens whenever the glory of the Lord is manifested in a church service, whenever people are healed supernaturally, and whenever God sends us on a mission from the spiritual dimension!

Border crossings can be very joyful experiences, especially when the impossible becomes possible – when miracles happen. However, border crossings may also be challenging at times – whenever the Lord gives us a seemingly impossible assignment in the here and now. Then we have to remember: **Fear not!**

GEN had many border crossings this year. One stands out in particular. A major Gospel Meeting was planned in Pakistan. The whole project was in the balance when I received the cost estimate, which was far more than what GEN could have financed at that point.

When the cost estimate came in, the Lord gave me faith. I confessed that it was His will for me to preach in Pakistan and that He would take care of the finances. The very same day another donation came in. Now the budget was more than met! More than 100,000 people came to the Gospel Meetings daily. Another border crossing for our ministry! The Lord is faithful! He deserves all the glory!

With this edition of the newsletter, in a bigger format, we would like to share with you about the great things the Lord has done in 2014. On behalf of the entire GEN-Team, I wish you a **Merry Christmas** and a **Blessed New Year**, full of heavenly border crossings.

GOSPEL MEETING IN PAKISTAN

Over 100,000 People Daily

Pakistan is mostly being associated with terrorism, the Taliban, or the persecution of Christians. But there are also good news out of that country. Since a few years an unprecedented revival movement is gaining momentum. Many churches have opened up for the move of the Holy Spirit and are active, despite oppositions. The ministry of Pastor Anwar Fazal is outstanding and effective. It is the biggest evangelistic ministry in Pakistan, with a strong healing anointing.

GEN had the privilege to hold a Gospel Meeting in cooperation with this ministry. It took place in Sialkot from the 16th - 18th of October. This Gospel Meeting was historic for the city of Sialkot. More than 100,000 people came to the meetings each of the three nights. The roads were blocked for hours due to the heavy traffic. But the move of God could not be stopped.

The spiritual hunger of the people was outstanding. People came with great expectations and were not disappointed. Evangelist Schott preached on two nights. His messages were fiery and Christ-centered. Many thousands of people answered the call to repentance and invited Jesus into their lives. Thousands again were healed by the move of the Holy Spirit and set free from demons. Not only were lives changed radically, but also their eternity. The move of the Holy Spirit cannot be measured in numbers. Only eternity will show what the Holy Spirit accomplished that weekend.

Towards the end of the third night, Evangelist Schott challenged the crowd to shout loudly, "Hallelujah!" All the glory had to be given back to the Lord. There was great joy as the sea of people praised the Lord of Lords! "Hallelujah!" it sounded seven times out of the mouths of over 100,000 Pakistanis. Heaven was cheering with the people.

The devil had lost again! Jesus is and remains the victor! He deserves all the glory!

Remaining Fruit

"Memorable days! Glory to God! It has been such a great blessing, not only to those who prepared the campaign, but also to all the people in the area! They still talk about the event and the impact of it upon the people of Nyamata. Awesome! Even the Bethel Church of Nyamata has increased in new believers – fruit of the crusade. Yes, the Lord has been faithful. Glory to Him!!! God bless you Evangelist D. Schott and the ministry that He has called you to!"

- A leading staff member of the Gospel Meeting

GEN conducted a Gospel Meeting in cooperation with a church in Nyamata (Rwanda), as announced in the previous newsletter. The Gospel message touched the people of the city, severely affected by the genocide. 465 decisions for Jesus were counted during the two days of Gospel Meetings. Hallelujah!

Many people were healed. One testimony was especially touching: A young lady testified in tears that Jesus healed her eye.

A young girl experienced God's favor in an extraordinary way. She had been bewitched as a child and could not open her hands and was hearing impaired. Jesus broke the power of darkness and healed her. Yet she still had problems with her legs. After receiving prayer on the stage even her legs were healed.

Prayer warriors in Germany, as well as 50 more prayer warriors on location were active, before and during the Gospel Meetings. This must have been the reason why it did not rain during the open air meetings in Nyamata – while it was raining elsewhere.

After the work was done, there were more than enough reasons to celebrate the Lord. The praise and worship continued until into the night, accompanied by joyful dancing on the dusty ground. What a glorious sight! Heaven rejoiced, as a pillar of whirled-up dust was rising.

Thank you Jesus!
