

SPIRITUAL AWAKENING IN THE UKRAINE ////

Evangelist Schott traveled to Ukraine again, after ten years. Ukraine is a land that is being worn down steadily by the ongoing war in the east of the country. The German news hardly report any longer about the situation there. The senseless shedding of blood that began in 2014 has already cost the lives of more than 10,000 soldiers and civilians on both sides. The real figures are much higher, as insiders in the Ukraine report. The various reports and testimonies of people, who have experienced the war first-hand, are shocking and deeply moving. Is that one of the reasons for the changed spiritual atmosphere in the Ukraine?

While ten years ago the revival in the Ukraine seemed to phase out, today a new openness for the gospel can be felt again. God has not forgotten the Ukraine, and new spiritual awakenings can be seen on the horizon.

It was God's guidance, when Bishop Valeriy Grigorasch invited Evangelist Schott at short notice, for it exactly fit the schedule of the Evangelist. God's timing! – God's hand was upon the whole event. It was organized professionally – really a masterpiece of organization, characterized by workers complementing each other and by a unity in the Spirit. That is how the Kingdom of God functions! Read a report from the website of the church *House of Bread*, in Krivoy Rog:

On October 28th the large-scale conference *Jesus In Your City* took place. It was organized by the Christian churches in Krivoy Rog and the *International Gospel Faith Ministry (IGFM)*. The worldwide Evangelist Daniel Schott was invited as the main speaker for the conference. After the service many people testified about their healings from sicknesses.

LUTHER OR BONIFACE? ////

All over the country the 500th anniversary of the Reformation has been celebrated in Germany, this year. What Dr. Luther accomplished with the 95 theses and his ministry, is having an impact to this day. I am grateful and appreciate his theological heritage, by which he changed the world and brought back many Christians to the Biblical understanding of grace. Although he was not a person without a dark side.

As we all do, Luther was standing on the "spiritual shoulders" of Christians who went before him and who have made many sacrifices to preach the gospel. I personally believe that God wanted to accomplish something much greater through Luther than just to reform the Catholic Church. Unfortunately, Luther allowed himself to be distracted in the process and the movement remained "just" a reformation.

What the German churches – no, even the whole society – need today is not just a reformation, but a revival! Germany, the land of the Reformation sinks into a swamp of neo-paganism. In a reformation existing values are corrected and improved on. Meanwhile the moral decline and the spiritual death of the people have reached a point that only a revival can help.

After 500 years we do not need another Luther again. We need a Boniface instead! This English monk, also known as the Apostle of the Germans, lived in the eighth century and was a missionary to the Germania of those days. In 732 he cut down the so called Donar Oak – an oak tree that was devoted to the god of thunder (Donar). Against the expectations of the gentile spectators, Donar, the god they worshipped did not react. Boniface then used the wood to build a house of prayer.

At the site of the event, in today's village of Fritzlar (close to Kassel, Germany) a monument has been erected in his honor – an oversized Boniface with an ax in his hand. To me the bronze figure is a memorial – a call to oppose any kind of idol worship in the country. Of course, today we could say that Germany now is a Christian nation and that we no longer worship idols. Human nature however has not changed since the time of Boniface. In today's neo-paganism, the society has elevated the ego (self) to the level of an idol, and allows this idol to be enthroned in the "Oak of Humanism".

The time has come for a Christian – no, rather for many Christians – to rise up like Boniface and to resist the idol worship of the 21st century. Not with human power – but with spiritual weapons of light, in the power of the Holy Spirit. Real change can only happen if the gospel is preached, for the gospel is the power of God! (Romans 1:16)

Can Germany be revived? Is there hope for this world? Yes, if people like you and I make sure to preach the gospel, it will happen.

Thank you for your support.

Daniel Schott

SPIRITUAL AWAKENING IN THE UKRAINE //// (CONTINUATION)

On this day, people came to the so called *Palace Of The Youth and Students* to hear the word of God. Brothers and sister from more than 20 Christian churches came, bringing with them relatives and friends, ready to receive Christ into their hearts.

In an interview Pastor Vadim Schpilov, the organizer of the *International Gospel Faith Ministry* told the press center:

This conference is the last phase of the project *Worldwide Troublemakers*, which has already been taking place in Krivoy Rog since two and half months. It has united and revived the churches, and has challenged people to preach the gospel wherever they are located: in their families, at work, among friends.

In the first part of the conference, the believers prayed for a spiritual breakthrough and for the preaching of the word of God for the salvation of everybody in our cities.

"Revival comes when the Holy Spirit is moving, when the church is zealous for it, when we admit our weaknesses and when we ask the Lord to make effective in our lives his mercy and his glory", were the words of encouragement by Valeriy Grigorasch, the bishop of the fellowship of churches called *House Of Bread*, during his ministrati-on.

Even more people participated in the second part of the conference. This began with testimonies to the glory of God. Three young Christian couples shared how God had helped them to save their families, as well as to overcome infertility and drug addiction. Pastor Sergej Gubarev shared how God saved him from the worst type of meningitis.

Daniel Schott came all the way from Germany to Krivoy Rog in order to preach at the conference *Jesus In Your City*. At his gospel meetings in different parts of the world, Jesus heals people from the most severe diseases.

"There are four reasons why God heals you, and the first one is – he is called Jesus – savior. And he is faithful in that. He saves you, because he has compassion with you. His name was and remains Jehovah-Rapha. And furthermore, he was anointed by God the Father to heal all. You don't have to earn the right to be healed from your sickness. He is healing people for his own sake", Daniel Schott said in his preaching.

(Report from the website of the church *House of Bread*, Krivoy Rog. Translated and edited.)

At the end of his message, Evangelist Schott called people to repentance. The visitors streamed forward to the altar. Then they all together prayed the sinner's prayer. 600 – 700 people received Christ for the first time or rededicated

their lives. Their destiny turned for the better forever, this evening. The gospel of grace had been victorious again. A time of prayer for the sick followed. Evangelist Schott operated in the word of knowledge, and commanded the sicknesses by name to go. And that is what happened. When the Evangelist asked who had been healed already, many people in the hall raised their hands. Jesus had done it again! Next, the pastors of the participating churches also prayed for the sick with the laying on of hands.

The many healing testimonies were a feast of joy. Various sicknesses were healed this glorious evening, particularly many eye problems. The workers worked till the late night and did not want to go home. They were gripped by the presence of the Lord. The people of the Ukraine are reaching out for God. The country is once again on its way to revival. Thank you Jesus!

AND MUCH MORE... ////

The soon ending year 2017 was richly blessed! The Kingdom of God expands dynamically and changes the world. The driving force behind it? The gospel, preached in the power of the Holy Spirit! It would take many pages to report about all the things the Lord has done through GEN this year. People were saved for eternity, healed, delivered, anointed, and blessed. Time and time again, healings from various, even extended illnesses gave reason to rejoice and to glorify God through testimonies. The personal destinies of thousands of people were changed forever.

The work of the Holy Spirit never leads to a dead end. On the contrary: People, who experience God's supernatural power, become Christians who carry and pass on the revival fire. Only eternity will reveal how many people were touched by the ministry of GEN in 2017.

This year alone, Evangelist Schott visited the following countries to preach the gospel and to cause revival: Belgium, Ethiopia, Nigeria, Cameroon, Malta, Tanzania, Finland, Netherlands, USA, Lebanon, Italy, Uganda, Ghana, Ukraine, and Switzerland. Germany was also not neglected. The Lord kindled fires of revival through the move of the Holy Spirit at the WAKE UP! Healing- and Revival Services and other events.

In addition many people were touched by the TV-ministry, the audios and videos on the website and through other media. All this is possible only with the support of faithful workers, prayers, and donors, who serve the Lord behind the scenes.

**Thanks to all who have contributed their share, this year.
Let's do it again in 2018:
The full gospel to the whole world!**

To continue the work, to fulfill the great commission, as well as to expand, GEN depends on your generous contributions. Thank you very much in advance for your support.

REVIVAL IN GERMANY AND BEYOND ////

Starting January 2018, the preachings of Evangelist Schott will be broadcasted on German television. The plan is to broadcast the evangelistic and revival messages via *rheinmaintv*. The TV shows will be available via satellite, cable TV, and live stream. In this way millions of people in Germany and Europe can be reached. 150 million households in Europe are covered by satellite TV alone. Please support this important work by your prayers and donations. Thank you very much.
